Carey Manufacturing has received inquiries regarding the possible impact that the devastating earthquake and tsunami in Japan may have had on our product or supply chain.

Carey Manufacturing is able to state that there is no impact whatsoever on our products. We have carefully researched all aspects of our manufacturing and suppliers and we are able to confidently state that there is no impact.

We hope that this is welcome news for you and the customers that you serve.

Sincerely,

A handwritten signature in black ink, appearing to read "Adam Wallace".
