

MEDICAL EQUIPMENT

SELECTION

With over 6,000 products in our general catalog, and different ways to manufacture custom components, we take pride in bringing you a vast selection of products, ranging in function, size, and material. From medical carts to mobile medical units, Sugatsune has clean room hardware and quality hardware suitable for a variety of medical grade equipment.

When you need reliable, long-lasting hardware for hospital storage and cutting-edge medical devices, Sugatsune offers a variety of products, including clean room handles and hinges used for medical storage applications and rotary dampers used for multi-motion screens.
