

MANUFACTURING

CLEAN ROOM

At Sugatsune, we understand that the semiconductor industry requires hardware with unique features ranging from corrosion resistance to high-temperature tolerance, as well as sealed components.

Sugatsune offers a wide variety of products that feature high load capacities, unique movements, high-durability, and precision; making them the ideal hardware manufacturer to source stainless steel as well as high-cycle tested hardware.

MAGNETIC CATCHES

Sealed Mag. Catches
MC-JM45
Mag. Force: 6.6 lbs

Ultra-Thin Mag. Catches
MC-JM38

Sealed Mag. Catches
MC-JMS45WT
Mag. Force: 6.6 lbs

Sealed Mag. Catches
MC-JM50

High-Temp. Stainless Steel Mag. Catches
MC0083HP-70/140
Mag. Force: 15 ~ 31 lbs
Temp: 250°C (482°F)

Hermetically Sealed, No metal-to-metal contact.

Stainless Steel Mag. Catches
MC-YN05/MC-YN05-N
Mag. Force: 6.6 ~ 16.5 lbs

Stainless Steel Conterplates
MC-JM49, AS-68

Stainless Steel Mag. Catches
MC-149-SUS
Mag. Force: 11 lbs

Ultra-Thin Magnetic Catches.

Stainless Steel Mag. Catches
MC-YN016HP
Mag. Force: 3.3 ~ 6.2 lbs

Stainless Steel Mag. Catches
Back-mount Type
MC-159-ST (Catch),
MC-159U-ST (Counterplate)

STAINLESS STEEL PULLS & HANDLES

Wire Pulls
SWP Series and SWF Series

Wire Pulls
H-42-C Series

Offset Wire Pulls
H-75-C Series

High Security Cabinet Cylinder Locks
7110-24-DN

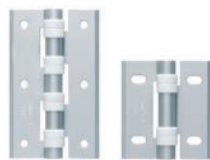

CLEAN ROOM HINGES

Clean Room Lift-Off Hinges
HG-CV127

Butt Hinges
HG-P100

Clean Room Hinges
HG-CV Series

Double Action Spring Hinges
JDAW Series
