

# MARINE EQUIPMENT

## DURABILITY

The marine industry is defined by products that can withstand the harshest environment for steel products; the ocean. When exposed to a highly corrosive environment, high resistance to weather damage, rust, and corrosion are a must for everyone in the marine industry.

With four grades of stainless steel in a variety of our products, Sugatsune offers high corrosion resistant materials that are ideal for a variety of marine equipment as well as applications.

## HINGES

Concealed Hinges  
HES3D Series

Stainless Steel Dual Axis & Torque Hinges  
HG-TS, HG-S Series

Stainless Steel Torque Hinges  
HG-TAS, HG-TBSJ, HG-TBS

Stainless Steel Butt Hinges  
LSF, 28 Series, KHA

Stainless Steel Torque Hinges  
HG-TS, SFTH

## CATCHES & LATCHES

Tension Catches  
BCTS (Stainless Steel), BCT, BCU, BCTS-85J (Adjustable)

Lever Latches  
LL-66S

Push Knob Latches  
TLP, TLP-S

Non-Magnetic Latches  
MLC-100, MLCHT130BL

Sliding Door Latches  
HC-70, HC-30

## STAINLESS STEEL HANDLES

Handles  
FT-200, FT-280

Recessed Pulls  
HH-KS, HH-DS, HH-K

Folding Ring Pulls  
26700, 26900, 26901

Handles  
EK-R, KC-R, KC-S

Folding Brackets  
EB Series, 388, BOS

## BRACKETS

## STAINLESS STEEL HOOKS

Hooks  
EU

Friction Swivel Latch Hooks  
EL-25, EN-R100F

Large Utility Hooks  
JF-45, JF-70, JF-50, JF-80

Folding Pad Eye (HD)  
EY-R
