

APPLICATION NOTES

Product Features:

- Solid State Lighting Technology to deliver just the right illumination efficiently
- Low maintenance lighting solution for those hard to reach applications
- Product degradation: 70% at 3 years/30,000 hours under 24/7 continuous operating condition
- The low cost of operating will offset the cost of capital and results much lower cost of ownership than other lighting solutions
- Low voltage lighting solution suitable for wet applications without electrical hazard concerns
- Ruggedized design for those lighting applications in harsh environments
- Available in three color temperatures:
 - 3100K – Warm White
 - 4100K – Neutral White
 - 6500K – Cool White
- 4W/FT, delivers 240 - 360 lumens/FT
- Projection angle: 140 Degree Total Angle
- Standard length: 12 inches
- Low profile aluminum housing, standard finish: black anodized
- Includes adjustable mounting brackets and hardware for 0°, 45° and 90° angle mount
- Adhesive foam pads included for flush mount option
- NEMA 4 Ready: Water submersible lighting solution
- Power requirement: 350mA, Constant Current
- Power supplies are sold separately
 - EIADT-UL-003 – USA Plug
 - EIADT-VDE-003 – EURO Plug
- RoHS compliant
- Custom Length and Configurations available

Warm, Neutral, Cool White

0°, 45° and 90° angle mount
