

HEYCO REDUCER SNAP BUSHINGS

Heyco is pleased to introduce **The Heyco Reducer Snap Bushings** product line. The Reducer Snap Bushings are made of 6/6 nylon and offer the following benefits:

- Convert raw-edged holes to smooth, neat, insulated holes; while reducing the inside diameter.
- Reduced inside diameter provides a tighter fit on cables, hose, etc.
- Locking fingers snap into holes with fingertip pressure.
- Withstands a push back force of 35 pounds.
- Insulates and mechanically protects electrical and telecommunications cables, tubing, hose, rope and utility lines.
- Available in multiple sizes for use in .375" (9,5mm) to 2" (50,8mm) diameter holes.
- Made of 6/6 Nylon.
- UL recognized under file E15331 and CSA certified under file LR8919.
- 94V-2 flammability rating.
- **For maximum inside diameters Heyco offers a wide range of snap bushings available in multiple sizes for use in .250" (6,4mm) to 6" (152,5mm) diameter holes. Please see our Bushings section at www.heyco.com.**

The Heyco Reducer Snap Bushings can be used in the following applications: Industrial Equipment, Appliances, Medical Equipment, Lighting, Furniture, Motors & Generators, Pumps, Control Panels, Hydraulic Lifts, and Scientific & Other Instruments.
