

CONTACT HEYCO FOR ALL OF YOUR CUSTOM STAMPING NEEDS

Ring and Spade Terminals

Heyco's modern and efficient high-speed Stamping Room has presses from 22 to 60 tons for high speed production of blades, pins, terminals, female contacts and other electrical components. These presses, along with our auxiliary equipment and highly trained technicians, can accommodate a large variety of custom stampings in ferrous and nonferrous materials in addition to our core lines of 110V and 220V electrical components. High speed application equipment is available to speed the use of our products and save you money, and our on-site tool shop provides fast turnaround of tool maintenance, repair and modification.

For more information on this product line, or any of Heyco's products, or to order free samples, please visit our website at www.heyco.com or call Heyco's Customer Service Department at 800-526-4182.

Male and Female Bridge Cordset Components
