Target Markets:

- Electronics
- Telecom
- Datacom
- Appliance

Richco Inc. is pleased to announce the addition of our FTH-29 to our extensive line of flat tie holders. This holder is a one-piece design used to hold down cable ties to a panel. This holder has a cupped base giving extra tensioning to the board as well as providing splash-proof properties. The tie holder is easily installed by hand and snaps into a .250" hole with a .063" board thickness. The one-piece design eliminates the need for a screw and nut assembly. The holder is ideal for use with a variety of Richco Wrap It Ties from 18 lbs. To 60 lbs. The flat tie holder is made of a durable Nylon 6/6 material. To view all of Richco's Flat Tie Holders, please refer to Richco's catalog #26 or the Richco website at www.Richco-Inc.com.
