Introducing the **OBFC-5-1**—Optical Blown Fiber Connector

**Features and Benefits**

- Ideal for Fiber to the Home (FTTH) & Premises (FTTP) blown fiber applications
- Great connection system for joining standard element tubing to Richco OFBLT
- For use with standard element 5mm OD blown fiber tubing or with Richco OFBLT-XX-05-PP
- Clear Polycarbonate enables installer to see fiber through connector body
- Nitrile O-rings provide gas- and water-tight seal
- Excellent tube retention via collets and metal grip rings
- Quick & easy push fit

**Markets**

- FTTH, FTTP
- Curbside Rack Units, Distribution Frames
- Primary & Secondary Nodes
- Branch-out and Splice Closure Units
